

I tried to find the answers to these questions by spending a lot of time in the temple. I was a special temple man. I would only eat one meal per day and eat only vegetables.

But after all that time in the temple, after all the merit-making, after all the meditations, I did not find the answers to the questions that afflicted me since childhood.

Then one day, my co-worker became a Christian. I argued with him and did not accept what he said. I thought he was deceived. But one thing he said stuck in my head, he said “God created the world”.

I was taught that we are to believe what we prove ourselves and find our own way of salvation. So I prayed, “God if you are real, then I want to know you.”

The following week, I talked to my co-worker again, but this time I did not argue with him. I had a lot of questions.

He introduced me to the Christians’ Bible and told me that I would find my answers in this book. I was surprised to learn that Asians wrote the Bible. I wondered if maybe this book had answers for me.

I began learning what the message of the Bible was all about. I was amazed to find that the Bible had answers to my questions and solutions to my problems.

It even had the answers to questions that afflicted me since childhood like, “What is the purpose of my life” and “Why am I here?” I followed that path and today, I no longer struggle with having no purpose in my life.

I found my answers in the Bible. Maybe you wonder if this book has the answers you need. If so, I recommend to you a FREE Bible study available from MITTAM Foundation. Upon completion of the

course, you will be mailed a certificate of completion from America.

To study by POST, send SMS with code CP-3, your name and mailing address to 087-193-7157.

What is the purpose of my life?  
Why am I here?

When I was 27 years old, I looked really good on the outside. I was very religious and I had a good job as a police commando in Bangkok. However, on the inside, I struggled with questions like, “What is the purpose of my life? Why was I born here? What happens after I die?”
