

I was taught that you should believe what you prove yourself and work to find your own way to escape hell. Our Thai saying says, “You will suffer greatly when you fall into hell, therefore, you must find a way to escape it.”

I knew that I was going to hell. But if I am supposed to believe what I prove myself and find my own way to escape hell, where could I find the answers to my questions? I spent much time going to the temple, making merit, and meditating, but I could not find the answers I needed.

Then one day, I became upset with my friend when I found out he became a Christian. I met with him to see what his reasons were for becoming a Christian. He introduced me to the Christians’ Bible. I was surprised to learn that Asians wrote the Bible. I wondered if maybe this book had answers for me.

At the same time, I was going through a very difficult situation in my life. I believed that there was some unseen power, some kind of holy person with all power, but never considered it to be God. I prayed to God to prove himself to me and he helped me through that situation. I then became convinced there was a God.

I began learning what the message of the Bible was all about. I was amazed to find that the Bible had answers to my questions and solutions to my problems. It even had the solution to my biggest problem, “How to escape hell.” I followed that path and today, I know I am going to heaven. I no longer fear going to hell.

I found my answers in the Bible. Maybe you wonder if this book has the answers you need. If so, I recommend to you a FREE Bible study available from MITTAM Foundation. Upon completion of the

course, you will be mailed a certificate of completion from America.

I go to the temple, I make merit,  
I meditate, but all I think about  
is that I am going to hell.

I thought meditation would help me get to heaven, but I found that covetousness, lust, and greed were still in my heart. I asked myself, “Why is it that I go to the temple, I make merit, I meditate, but all I think about is that I’m going to hell?”
